Work Experience

Wordpress Developer

**October 2022 -
July 2024**

Westat ·Remote.U.S.A

As a WordPress developer, I was responsible for designing and building visually appealing and intuitive websites as part of a team of web developers and graphic designers to support our Westat research study. As a strong candidate, I will have excellent CSS and JavaScript skills as well as experience coding custom templates, themes, and modules.

DTC ECOMMERCE MANAGER -U.S.A

**October 2021 -
July 2022**

Sierra Nevada Brewing Co.

I was responsible for setting up, managing and implementing all products and functions related to the Shopify Plus storefront work in conjunction with the e-commerce, cart, email funnel, and customer loyalty team.

SDET - Cloud, Ecommerce CrowdStrike · Part- time Remote ,U.S.A

**October 2019 -
July 2021**

A love for breaking software systems in creative and useful ways, then helping us figure out how to test for that scenario Enabling the cloud engineering team to build their own automated tests built upon testing tools/frameworks you provide

Language Proficiency:

Have an effective communication capability at all levels inside and outside organisation proficient at understanding, writing, reading and speaking in English and Bengali.
